Subject: Deficient Notice of Intention to Commence Small Mining Operations and Reclamation Surety Required, J.C.M. Family Trust, Reaper #2, S/045/0079, Tooele County, Utah

Dear Mr. Moeller:

The referenced Notice of Intent to Commence Small Mining Operations (NOI), received by the Division April 18, 2011, is incomplete. The following information is needed:

1. Information about cultural resources that might be in the area. This can be in the form of an on-the-ground survey, a literature search showing the results of previous surveys that included the area proposed to be disturbed, or a statement from a license, qualified archaeologist that there is little likelihood of finding significant resources in this area. With this information, the Division will seek concurrence from the State Historic Preservation Officer about potential effects on these resources.
2. Confirmation that the operator has been registered to do business in the State of Utah.

The reclamation surety is determined to be \$8,920.00 which is based on:

<b>Small Mine Operation Bond Calculation Worksheet S/045/0079 5-year escalation (2015)</b>
